Public App Approval Details - Med Buddy

If you find anything in error, please contact Stephanie Rodgers (srodge5@emory.edu).

Application Information

Application Name: Med Buddy

Application Owner: Lakshmanan Krishnamurti (LKRISHN)

Application Technical Contact: Diana Ross

Application Support Model: Consultants who developed the app

Application Administration Model: Consultants who developed the app

Application Description: Med Buddy is a smart phone app that allows an assigned user to record videos of patients taking medications as prescribed. Programming of the app is individualized based on the patient and includes medication, time due, and reminders for medication administration. 15-30 second videos are recorded of the patient taking the medication and sent to a monitoring physician or medical staff to verify compliance with medication administration. The monitor has access to a dashboard that indicates compliance of all patients being monitored to include date and time of administration, access to video for viewing, and geographic location (but not street address) of patient.
